Learn more about our story and products.

Turiffic Turmeric Enhanced Foods are boosted with an advanced form of turmeric. This popular superfood that has been extensively studied and recognized for its anti-inflammatory, antioxidant, immunomodulatory, and healing abilities. — **Only available here!**

The active compound in turmeric, which is part of the ginger family, is curcumin, which has been used for thousands of years by people around the world and has, today, become one of the most popular dietary supplements available.

The version of turmeric in Turiffic Foods is called TurmiZn-OS, a novel patent-pending complex made of turmeric curcumin, white curcumin, and zinc through a proprietary chelation process which makes it more stable and significantly more **bioavailable**.

This added version of turmeric does not affect the flavor or texture of any of the Turiffic food items, but is a great way to share the proven, wide-ranging health benefits of turmeric with your family. Give your body a boost with Turiffic food!
